CRON (root) BAD FILE MODE (/etc/cron.d/xxxfile) 1

CRON (root) BAD FILE MODE (/etc/cron.d/xxxfile)

Jika anda mendapati error (root) BAD FILE MODE (/etc/cron.d/xxx) maka solusinya merubah permission file cron seperti berikut ini :

```
chmod 0644 /etc/cron.d/filecron
```

kemudian pantau kembali di /var/log/cron
