Directadmin Build PHP 7.4 Error No package 'libzip' found

Solusi untuk directadmin ketika menginstall php kemudian keluar error No package 'libzip' found detailnya seperti ini

```
Next error was  
No package 'libzip' found  
No package 'libzip' found  
No package 'libzip' found
```

solusinya jalankan ini

```
da build remove_old_local libzip  
da build php
```

Selamat mencoba
