PHPMyadmin: Cannot start session without errors,

Ketika menggunakan nginx dan menjalankan phpmyadmin kami mendapati error

```
Cannot start session without errors, please check errors given in your PHP and/or webserver log file and configure your PHP installation properly.
```

Solusinya?

```
sudo chown nginx:nginx /var/lib/php/session -R
sudo chmod 0777 /var/lib/php/session
```

dan pastikan

```
nano /etc/php.ini
```

nilainya sesuai ini

```
session.save_path = "/var/lib/php/session"
```
